For nearly 30 years now, Plab has been implementing true strategic, commercial and technical changes focusing on quality. they are one of the leading players in supplying animal nutrition and health products to the poultry farms not only locally but also to countries like Pakistan and Taiwan. Company also provide nutrition and veterinary pharmaceutical products to the satisfaction of our customers.

The industrial investments made by Peterlab Group over the last few years made it possible to reengineer the plant to comply quality standards, GMP standards, minimizing pollution while creating a greener and cleaner world. Their plant produces very up market products.

Agromed who is a leading provider of premium natural feed additives based out of Austria had announced appointment of PeterLabs as new distributor in Malaysia last year:

<http://www.peterlabs.com.my/wp-content/uploads/Pressrelease290415.pdf>

TA

This chart shows Peterlab had been consolidate at the price around 24sens , now it has been awaken again and soon will try the resistance at 33sens, technically we forecast this counter could have 30-40% potential gain in short term if the market sentiments are good. We gave :

- tp1 33sens
- tp2 40sens
- CL 23sens
